Survey of Muslims

7. Some immigrant and minority ethnic communities have very traditional practices and beliefs when it comes to the role of women. Some people say that Canada should accept and accommodate these traditional beliefs about the rights and role of women. Other people say that immigrants and ethnic minorities should adapt to mainstream Canadian beliefs about the rights and role of women. Which one of these two points of view is closest to your own?

Survey of Muslims

36. As you may know, the federal government passed anti-terrorism legislation shortly after the September 11th attacks in 2001. Some say Canada's Anti-Terrorism law provides the government with the appropriate level of power and authority to counter terrorist activities. Others say the law infringes too much upon the civil rights of ordinary Canadians. Which view is closer to your own?
