

Which government is more trusted?

Results from the 2024 Confederation of Tomorrow Survey of Canadians

**Environics
Institute**

About the survey

The Confederation of Tomorrow surveys give voice to Canadians about the major issues shaping the future of the federation and their political communities. They are conducted annually by an association of the country's leading public policy and socioeconomic research organizations: the Environics Institute for Survey Research, the Centre of Excellence on the Canadian Federation, the Canada West Foundation, the Centre D'Analyse Politique – Constitution et Fédéralisme, the Brian Mulroney Institute of Government and the First Nations Financial Management Board.

The 2024 study consists of a survey of 6,036 adults, conducted between January 13 and April 13, 2024 (82% of the responses were collected between January 17 and February 1); 94% of the responses were collected online. The remaining responses were collected by telephone from respondents living in the North or on First Nations reserves.

The results presented in this report exclude the territories.

Which government do you trust more to make the right decisions in managing health care?

Canada

2019 2020 2021 2022 2023 2024

Q.25a: Which government do you trust more to make the right decisions in the following areas: Managing the health care system?
